题目一:

Dear Peter,

I'm glad to receive your email. We are encouraged to hand in posters about safety. You need to hand in the poster before next Friday. When it comes to the design of the poster, firstly the content of the poster should include safety rules, such as obeying traffic rules. Be careful when you go across the road. Many traffic accidents are caused due to breaking traffic rules. So it is important for students to pay attention to them. Besides, letting students know how to protect themselves is also a must to avoid being in dangerous situations. In addition, drawing some pictures to beautify the poster is also a good idea, which will make the poster more unforgettable.

If there is anything more that I can help with, please let me know.

Yours,

Li Hua.

Self-discipline plays an important role in our life. It is a key to improve ourselves.

I wasn't a self-disciplined person in the past. I used to spend my free time playing computer games and I made efforts at the last moment before the final exam. As a result, I often failed in the exams. Gradually, I realized the importance of self-discipline and I started to make plans for my study.

There's been a noticeable improvement in my study after several months of self-discipline and perseverance. Not only have I improved my grades, but also I have formed good habits. I have realized that becoming a self-disciplined person is likely to be the hardest thing we do, but it is also the most rewarding.
